Modern multipurpose office space, for rent, located in the basement of an office building near the Poljud stadium, with a total area of 442 m².

This space is open and uniform, with the exception of separate sanitary facilities, which allows flexibility in organization and partitioning according to the needs of the tenant.

With a ceiling height of 3.6 meters and granite tile flooring, and a built-in ventilation system, the space offers numerous possibilities for various business activities.

Access to the space is easy with two large public parking lots in the immediate vicinity and excellent connections to the main city roads and public transport.

This space represents an excellent opportunity for rent with great potential for adaptation to various business needs.
